

## LIST OF FIGURES\*

### SECTION I

### SECTION II

Figure 2.1	SDM Functional Elements .....	8
Figure 2.2	Database Components as SDM Enablers .....	9
Figure 2.3	Legacy vs. Next Generation HLR Model .....	10
Figure 2.4	Federated SDM Model .....	12
Figure 2.5	Centralized SDM Model.....	13

### SECTION III

Figure 3.1	Customer Care Unification .....	16
Figure 3.2	Policy-Controlled Applications .....	17
Figure 3.3	High-Value Wireless Hosted Application Services .....	18
Figure 3.4	Personalized Advertising & Targeted Promotions .....	19

### SECTION IV

Figure 4.1	SPUG Preliminary Open Reference Architecture .....	22
Figure 4.2	SAML-Based Single Sign-On .....	23
Figure 4.3	GUP Architecture Model With Component Mapping .....	24

### SECTION V

### SECTION VI

### SECTION VII

Figure 7.1	SDM Vendors by Functional Elements.....	31
Figure 7.2	Huawei USC Architecture .....	47
Figure 7.3	IBM Portfolio Span.....	48
Figure 7.4	Nokia Siemens SDM Architecture .....	54
Figure 7.5	Openwave Mobile Analytics Architecture .....	58
Figure 7.6	Oracle Communications Converged Application Server – USP .....	60
Figure 7.7	Sun MySQL Cluster Carrier Grade Edition.....	64
Figure 7.8	Tekelec Subscriber Routing Data Architecture Model.....	65
Figure 7.9	Xeround IDG Architecture .....	69
