

# TABLE OF CONTENTS

---

|   |    |
|---|----|
| <b>Introduction</b> .....   | 1  |
| <b>Overall Capacity Trends</b> .....                                  | 5  |
| Semiconductor Capital Spending Leaders.....                           | 6  |
| History and Forecast for Wafer Capacity, Starts, and Utilization..... | 8  |
| Installed Capacity Leaders in Mid-2011.....                           | 17 |
| <b>Capacity by Geographic Region</b> .....                            | 21 |
| Existing Capacity by Geographic Region and by Wafer Size.....         | 22 |
| The Great East Japan Earthquake Exposed Capacity Risks.....           | 24 |
| Future Capacity by Geographic Region.....                             | 27 |
| <b>Capacity by Wafer Size</b> .....                                   | 31 |
| Future Capacity by Wafer Size.....                                    | 34 |
| 300mm Wafer Fab Capacity Details.....                                 | 36 |
| 300mm Wafer Capacity Leaders .....                                    | 38 |
| 300mm “Power” Ranking.....  | 39 |
| 2016 300mm Capacity Leaders Forecast .....                            | 41 |
| 300mm Wafer Capacity Leader Profiles .....                            | 43 |
| 450mm Wafer Progress.....   | 43 |
| <b>Capacity by Process Technology</b> .....                           | 49 |
| <b>Capacity by Minimum Geometry</b> .....                             | 53 |
| Regional Distribution of Existing Capacity by Minimum Geometry .....  | 54 |
| Future Capacity by Minimum Geometry.....                              | 57 |
| <b>Capacity by Product Type</b> .....                                 | 65 |
| Regional Distribution of Existing Capacity by Product Type .....      | 68 |
| Future Capacity by Product Type.....                                  | 70 |

# TABLE OF CONTENTS

---

|   |     |
|---|-----|
| <b>Conclusion</b> .....                                     | 73  |
| Spending as a Percent of Sales.....                         | 74  |
| Capital Spending Summary.....                               | 76  |
| Major Changes to the Manufacturing Base.....                | 76  |
| <b>Addendum I (300mm Wafer Manufacturer Profiles)</b> ..... | A1  |
| Samsung.....  | A3  |
| Intel.....  | A7  |
| Hynix.....  | A13 |
| Toshiba/SanDisk.....  | A17 |
| Micron.....   | A23 |
| TSMC.....   | A29 |
| Elpida.....   | A35 |
| Nanya.....  | A39 |
| Powerchip.....  | A43 |
| GlobalFoundries.....  | A47 |
| UMC.....  | A51 |
| ProMOS.....   | A55 |
| SMIC.....   | A59 |
| Texas Instruments.....                                      | A63 |
| IBM.....  | A67 |
| Other Companies of Interest.....                            | A73 |
| <b>Addendum II (Fab Facility Specifications)</b> .....      | A75 |
